Crofton Cougars Sponsorship Packages

Match Kit Sponsorship:

For £1000 per season your money will purchase a new kit and be the main Crofton Cougars sponsor (choice of home or away strip, each kit gets an equal number of games plus cup runs), this is a great way for any business to gain a huge amount of exposure. Not only will your company name or logo be highly visible on our home or away kits but your name or logo will receive a prime location on the club website with a direct link to your business should you have a website (this link back will also help with your Google page rank). Your logo will also get permanent exposure on our photo gallery via the images uploaded to our image server for the life of the image gallery.

Training Kit Sponsorship:

For £750 per season your money will purchase a new training kit for the Cougars which will be worn by the players on match days and at training sessions. Website exposure is available if required in much the same way it is for the main match kit sponsorship package.

Pitch Side Hoarding:

Advertising and sponsorship hoardings are available for purchase around the Cougars playing surface. The cost is £300 for year one which includes purchasing, production and installation of the board. Further costs are charged at £100 per year up to five years at which point the condition of the board will be evaluated.

The dimensions of the advertising hoardings are approximately 1m high and 3m long.

Individual Player Sponsorship:

For £30 per season you can nominate a player of your choice and have a person or a business associated with that player on our squad page. A link will be provided should one be required and once again this will help your own website with a like back to help your Google page rank.

Match Ball:

Match balls are POA and are available on request.
